ViewSonic® N3000w LCD TV Display

30" (29.5" viewable) NextVision® wide-screen, HD* LCD TV

More versatile for combining entertainment and information.

ViewSonic's NextVision N3000w 30" (29.5" viewable) HD LCD TV delivers a dramatic visual entertainment experience. The ultra-thin, flat panel screen becomes the center of attention in a multitude of situations. Entice your tradeshow or boardroom audience with the dynamic design, rich, saturated color, high-contrast images, and true 1280x768 resolution – the **AMAZING SCREEN PERFORMANCE** brings images alive. One of the first of its kind to offer HDCP (high-definition content protection) capability, the N3000w is sure to keep up with evolving technology ensuring long-term compatibility. Integrated connections give you the **BEST HIGH-DEFINITION TV IMAGE** regardless if you are connected to your DVD, VCR, set-top box or camcorder. Dual TV tuners also give you full picture-in-picture (PIP) capability and great TV viewing features. Plus, you can also use the N3000w as a high-definition LCD display with stunning color, brightness and high-contrast images.

The N3000w brings brilliant pictures and versatile signage and powerful sound to your business.

An incredible wide-screen HD* LCD display.

Experience wide-screen HDTV*

Enjoy wide-screen and high-definition TV with true 1280x768 resolution and XtremeView® angles for a higher quality image at virtually any angle.

Stunning TV, vivid graphics, sharp text

Ultra-high brightness of 450 nits (typ) and a high contrast ratio of 400:1 (typ) bring you rich, saturated color images and crisp text.

This 44-key remote puts control in the palm of your hand.

Advanced image processing

Integrated motion adaptive progressive scan, 3-D comb filter and 3:2 pull down give you a larger, clearer picture with fewer artifacts. Low level contrast enhancement brings clarity to darker images.

Connections for all your multimedia components

Multiple inputs provide easy connection of video accessories. The integrated DVI-HDCP input gives you the best HDTV images regardless of your signal source and dual TV tuners give you full picture-in-picture (PIP) capability.

High-quality stereo audio built-in

Four built-in stereo speakers deliver 20 watts of stereo sound to your multimedia presentations. Stereo connections also allow you to enjoy stereo audio through an external sound system.

Clear, fast paced presentations

The super-fast 16ms video response time keeps your presentations and video crisp and clear.
